

Glenbrook School

School Digital Citizenship Plan 2025-2026

This template is provided as an option for schools to use to create their Digital Citizenship Plan by October 31 of each current school year. Refer to the [Digital Citizenship Plan insite page](#) for support and resources. You can modify and use this template or create your plan in a different format as needed to support the needs of your school. School leaders use collaborative consultation to determine 2-3 long term goals for the school year and build upon them for long-term impact.

Please share a relevant version of your School Digital Citizenship Plan with parents and students on your school's website.

Relevant contextual information about your school and School Development Plan:

- Glenbrook School is a Gr. K-6 Elementary School with 286 students.
- Many of our students have access to cell phones, tablets or computers at home.
- Students access a variety of technology in the school including iPads, computers and chromebooks.

Relevant evidence and data that informs your Digital Citizenship Plan:

- CBE Student Survey Question: "I take care of myself by making sure that I don't have too much screen time". Overall agreement = 53.93% (November 2025)
- CBE Student Survey Question: "I am safe from bullying at school." Overall agreement = 67.78% (November 2025)

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	November	January	June
Students will use technology and online platforms to work collaboratively and inclusively with peers.	Respectful While online I am respectful and inclusive in my words and actions.	Students will create school and classroom norms outlining proper technology use etiquette.	Students will follow school and classroom norms outlining proper technology use and etiquette.	Teachers will have discussions with students about appropriate use of technology and will use student voice to create classroom norms. Review resources on Digital	CBE Student Survey questions related to digital citizenship. Class conversations and group meetings so students can check in with their teachers about	Teachers in Grade 4, 5, 6 have had discussions about online safety with their classes.		
	While online I am empathetic toward others.	Students will learn what defines equity, diversity, and inclusion and how it relates to respectful and				An email to families was sent with recommendations for social media
